

# DAN CRISTIAN ILIE

Frontend Developer

## SUMMARY

Background in law, including a Bachelor of Laws (LLB) with a thesis on "National Cybercrime Law" and a Master's degree in Criminal Sciences with a thesis on "European Cybercrime Law", with a passion for technology and software development.

My education in law and experience in web development have given me a unique perspective and skill set in software development, business, logic, analysis, and problem-solving.
